PRESS RELEASE

Mach Machine featured in Modern Machine Shop, May 2019 Issue

Hudson, MA; May 2019: Dan Olsen of Mach Machine, Inc. was recently interviewed by Jedd Cole, Associate Editor of Modern Machine Shop. The article, entitled “Off the Deep End with Horizontal Machining and Palletized Automation,” tells the story of how Mach Machine increased efficiency and reduced cycle times with the addition of a Fastems FMS One with Okuma HMCs.

In front of the loading station of the shop's Fastems FMS One flexible manufacturing system, Angela Olsen and Mach Machine President Dan Olsen check the dimensions of lens-mount components.
